**Note :** Material can be obtained through regular channels.

## PROCEDURE

**Warning :** Park vehicle safely, apply parking brake, stop engine and set battery master switch(es) to the OFF position prior to working on the vehicle. Prior to working under an air-suspended vehicle, it is strongly recommended to securely support the body at the recommended jacking points. Only the recommended jacking points must be used as outlined in Section 18 of Maintenance Manual: "Body" under heading "Vehicle jacking points" or in Operator's Manual.

1. Clean area around previous cap if required.
2. Remove previous caps and install new ones.
