The screenshot displays the Volvo Bus On-board WEB-Server interface. On the left, there is a navigation menu with options like 'Language (English)', 'Vehicle information', 'Fault log', 'MID view', 'Operation view', 'Function diagram view', 'Parameters', 'Programming', 'Help', and 'Exit'. The main area shows a 'Body logic view' with details for 'Chassis: B13R_192824 VBC' and 'Body: BO_19_1902_02'. A 'Windows Security' dialog box is overlaid in the center, asking for a username and password for the server 127.0.0.1. The username 'body1' is entered, and the password is masked with asterisks. The 'Remember my credentials' checkbox is unchecked. The status bar at the bottom indicates 'Active' and '100%' zoom.
