PROCEDURE

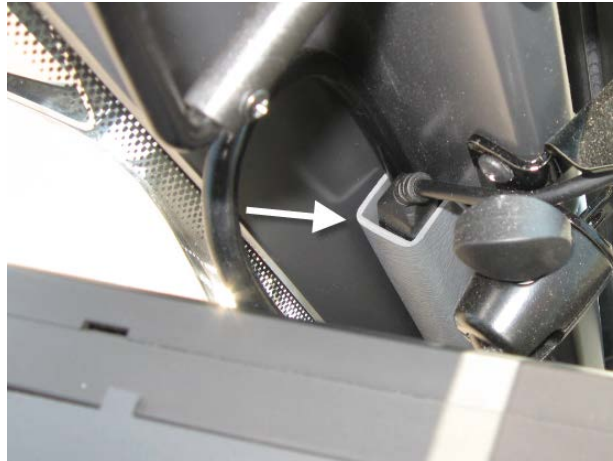

DANGER

Park vehicle safely, apply parking brake, stop engine and set battery master switch(es) to the OFF position prior to working on the vehicle.

1. New Monitor will be installed in the same location using the same mounting hardware. A new harness will be connected to the monitor.

2. Remove cable cover on L.H. windshield post.

3. Remove old monitor. Keep hardware.
4. Remove cable connected to monitor.
5. Identify mating connectors in dashboard to easily locate them.
6. Connect new harness 409327 to the connectors in dash.
7. Route harness up to the monitor.
8. Install and connect new monitor re-using reserved hardware.
9. Test monitor operation.
10. Re-install cable cover

PARTS / WASTE DISPOSAL

Discard waste according to applicable environmental regulations (Municipal/State[Prov.]/ Federal)
